

Types of American Law

- 1) First meet with your home group where you will be assigned an expert "LAW" group.
- 2) Then, go to your expert "LAW" group to:
 - Discuss, analyze, and complete your assigned "LAW".
 - Find your assigned "LAW" on pages 149-150 in the Gateway textbook.
 - Add images and symbols to make it easier to understand.
- 3) When your teacher decides, return to your home group.
 - You now have one completed "LAW" page and four blank "LAW" pages.
- 4) Each "LAW" expert will share the information they found to the rest of the home group.
 - Every member will discuss, analyze, and complete the information in their own flipbook.
- 5) The goal is to complete the whole 'LAW" flipbook with every "LAW" expert's information.
