Miami-Dade County Public Schools
Skills Students Need to Master through the Social Sciences

- Analyze primary and secondary sources of information;
- Interpret historical trends that span across multiple time periods; analyzing governmental responses to society’s changing needs.
- Evaluate social science content from political, economic, and social perspectives;
- Understanding the importance of geography on human interaction with one’s environment.
- Understand, evaluate, and interpret graphic information (e.g., from charts).
- Understand and be able to explain the meaning of political cartoons.
- Draw conclusions from multiple pieces of complex information.
- Research and write about important social science trends and topics.

THINK LIKE A SOCIAL SCIENTIST! LOOK AT AND ANALYZE SOCIETAL ISSUES FROM MULTIPLE PERSPECTIVES!

What can you do at home to assist students?

- Provide a quiet, organized place to study;
- Talk to students about what they are learning in their social studies classes.
- Encourage students to watch the news, read the newspaper, and ask “why or how” questions.
