To provide schools with instructional resources to support the celebration of Women's History Month, March 2015.

-
- The purpose of Women's History Month is to call attention to the achievements of women, both past and present, in all facets of life including science, business, government, literature, the arts, medicine, and athletics. The 2015 Women's History Month theme is "Weaving the Stories of Women's Lives."
 - With an emphasis on positive role models and women from all backgrounds, the celebration of Women's History Month provides schools with opportunities to highlight women who have made a positive difference in our community, nation, and world.
 - To assist teachers, staff in the Department of Social Sciences has developed elementary and secondary instructional resource guides that include background information, complete lesson plans, and Internet resources for Women's History Month. These resources are intended to serve as tools to support both the month's commemoration and the instructional requirements of Florida Statute 1003.421 requiring the study of the contributions of women to the United States.
 - Below please find the links to the elementary and secondary instructional resources compiled to support Women's History Month. Please feel free to download and duplicate these, as needed.
