To provide schools with instructional resources to support the commemoration of National Caribbean-American Heritage Month, June 2017.

- National Caribbean-American Heritage Month is celebrated each June. This occasion gives our diverse community the opportunity to recognize and celebrate the significance of Caribbean people and their descendants to the history of our community and nation.
 - The Department of Social Sciences has developed an instructional resource guide to provide elementary and secondary schools with background information, suggested classroom activities, and a list of appropriate Internet resources to support National Caribbean-American Heritage Month. The instructional resources also include suggested activities to review the District's nine core character education values.
 - Please feel free to download and duplicate as necessary the attached guide.
