To announce the JustAdulting - new mobile web app from the Florida Bar Law Related Education Committee for young adults.

The Florida Bar Law Related Education Committee and The Florida Law Related Education Association, Inc. have collaborated on a new and innovative mobile web app for young adults.

- Once students turn 18 years old, they are legally considered an adult.
 - This app helps understand basic information from right to cast a vote in the next election to entering into a lease for an apartment to serving on a jury.
 - Students are about to enter a new and exciting world of rights, responsibilities, and obligations.
 - #JustAdulting is intended as a web-based educational resource to help young adults understand the laws that may impact their lives as they encounter various life experiences.
 - This free web-based app can be saved to the home screen of your phone or bookmarked for easy access.
 - Learn more by visiting the website at <http://www.justadulting.com/> or see the attached information sheet for additional details.
 - For additional information please contact Annette Boyd Pitts, Executive Director for the Florida Law Related Association, or via email at staff@flrea.org.
 - If you have further questions or need additional information, please contact Ms. Jackie Viana, District Supervisor, via email, Jviana@dadeschools.net or the number listed below.
-
