The 2009 National Black History theme is, "Quest for Black Citizenship in the Americas." Curriculum and Instruction, Social Sciences, has developed the 2009 Black History resource packet.

- Black History Month is a time to call attention to the many cultural, social, spiritual, and economic contributions of African Americans to the United States.
- In Miami-Dade County Public Schools, Black history is not just a subject studied and discussed in February. It is a topic of substance that is woven into all subjects throughout the school year.
- The attached resource packet provides schools with K-12 Black History month resources and classroom activities.
