

## 2. Resource Search Feature

This guide provides the steps on how to search Network resources for a specific chapter and lesson or by keyword.

1. Click the **Resources** tab.

2. To find resources specific to a chapter and lesson, click on **Lesson Search**. From the dropdown select the chapter and lesson you want to view resources.

3. Click on **Keyword Search** and enter a word to see all resources that contain that word in it.
